TECHNICAL DATA SHEET

Product Name: ARTIDEXA CHINFIELD

FORMULA:

Dexamethasone 21 Phosphate	2,000 mg
Formulation agents q.s. to.	100 ml

TARGET SPECIES:

Equines, canines and felines.

INDICATIONS:

Neuritis, tendinitis, bursitis, arthritis, myalgia, eczema, anaphylactic and/or traumatic shock.

PRESENTATION:

Box containing five (5) vials of 2 ml each.

APPEARANCE:

Clear, colorless solution.

DOSAGE AND ADMINISTRATION:

Equines: 0.5 ml per 125 kg body weight, administered intravenously, intramuscularly, intra-articularly, peri-articularly, or intrasynovially.

Canines – Felines: 0.5 ml per 5 kg body weight, administered intravenously, subcutaneously, or intramuscularly.

In case of anaphylactic shock: 0.25 ml/kg body weight intravenously, for all species.

CONTRAINDICATIONS:

The product is contraindicated in animals with a history of hypersensitivity to the active ingredient and/or the excipients.

Acute systemic infections (unless specific antimicrobial therapy is instituted).

Do not administer in case of vaccination with live attenuated organisms, or during the healing process of major wounds as it delays cicatrization.

Do not use in cases of laminitis, septic joint processes, or articular fractures for intra-articular administration.

SIDE EFFECTS:

Dexamethasone may interact with Amphotericin B or potassium-depleting diuretics: combined use may cause hypokalemia.

Digitalis glycosides: may increase the risk of digitalis intoxication associated with hypokalemia.

VETERINARY PRODUCTS LABORATORY

Acetylsalicylic Acid: should be used cautiously, especially in hypoprothrombinemia.

Isoniazid: its antitubercular effectiveness may be reduced due to increased hepatic metabolism and/or excretion, leading to decreased plasma concentration, especially in rapid acetylators.

WARNINGS:

Keep out of reach of children and pets. National Poison Control Center: 0800-333-0160 Buenos Aires, Argentina.

Must be administered by a veterinarian.

Chinfield S.A. is not responsible for problems caused by improper use and/or storage of the product.

STORAGE CONDITIONS:

Store below 30 °C, protected from light.

Do not refrigerate. Do not freeze.

SALES UNDER PRESCRIPTION ONLY
